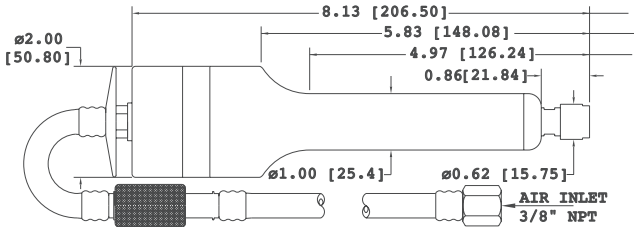
Exceptionally powerful and tough! The **525XSV** delivers extra power at lower speeds. Double turbine power combines with lightweight, low vibration, low noise, operator comfort and provides greater accuracy and a finer high speed finish. The **525XSV** weighs only 15.5 oz (.44 kg) with power up to .9 hp (.68 kW). The power to weight ratio is extraordinary in this tool! The constant high speed **525XSV** enables you to work on hard-to-reach applications for fast removal or finishing - comfortably with a light touch directing the tool. Air turbine tools® oil free mechanism eliminates carcinogenic corrosive oil contamination and lubrication costs. With fewer moving parts there is no maintenance and repair costs are reduced.

Model 525XSV
0.9 hp
0.68 kW



1/4"	No Brake	With Brake
Speed	Part #	Part #
30,000 rpm	42530	42534
40,000 rpm	42540	42544

6mm	No Brake	With Brake
Speed	Part #	Part #
30,000 rpm	42531	42535
40,000 rpm	42541	42545

Weight: 15.5 oz /.44 kg

Standard Equipment Included: 1/4" or optional 6 mm collet, collet wrenches, rear exhaust 5' air supply assembly with slide valve and 3/8" NPT air supply fitting. Oil free 90 psi / 6.2 bar dry, clean air supply required.

General Specifications	CE 525XSV MADE IN THE USA	
Speed RPM	30,000	40,000
Power Rating HP (KW)	.8 (.60)	.9 (.68)
Inlet Air Pressure	90 PSI (6.2 Bar)	
Air Consumption-Idle cfm (L/s)	19 (8.97)	20 (9.44)
Air Consumption-Working cfm (L/s)	22 (10.38) - 30 (14.16)	
TIR Collet Held Shank	Less than .001" (.03mm)	
Sound Level	Less than 67dBa	
Standard Shank Capacity	1/4" (6mm)	

Accessories	Part#
High Flow Filter	30004
High Flow Filter / Regulator	30003
Collet Guard	30072
Foot Pedal Control	30030

Subject to change of specifications, without notice. On 1/4" or 6mm tools with power do not use couplings or hoses less than 1/4" / 6mm in diameter. Always use a 1 micron filter and/or extractor where required and check specified air flow. For 1.4 HP / 1.04 kW tools use 1/2" or 9mm hoses. 6.2 Bar / 90 psi clean, dry, oil-free air only. Use eye protection and follow safety instructions. All specifications approximate.
